

SEAMLESS INTEGRATION	ELIMINATE COPY/PASTE PROCESS	DASHBOARD MONITORING	NEVER PAY FOR SAME TRANSLATION TWICE	WORKFLOW INTEGRATION	REDUCE I.T. INVOLVEMENT
----------------------	------------------------------	----------------------	--------------------------------------	----------------------	-------------------------

## Your Platform. More Global.

- Initiate translation requests from within the Tridion interface
- Automatically import translations back into target publications
- Generate automated email notifications for Tridion users
- Customize the localization process with granular-level controls
- Support a multi-vendor approach for localization
- Eliminate hand-off delays and reduce translation turnaround times
- Configure reports by user, organization, or vendor

THOUSANDS OF ORGANIZATIONS TRUST GLOBALLINK TO STREAMLINE GLOBAL CONTENT MANAGEMENT
